

EUROPEAN FEDERATION OF STATISTICIANS IN THE PHARMACEUTICAL INDUSTRY
Representing Statistical Associations in Europe

European Federation of Statisticians in the Pharmaceutical Industry (EFSPI)

Regulatory Statistics Workshop
September 2024

What is EFSPI?

- **EFSPI = European Federation of Statisticians in the Pharmaceutical Industry**
- Founded in 1992
- EFSPI is an “umbrella”, non-profit making organisation
- A federation of National European Groups
- Now 10 national groups
- No individual members
- Our national organisations collectively represent >2000 members
- Each organisation has 2 members on the EFSPI Council
- Website: www.efspi.org

EFSPI Group Members

Info: [Member Groups](#)

→ To **promote professional standards of statistics** and the standing of the statistical profession in the pharmaceutical industry

→ To offer a **collective expert input on statistical matters** to national and international authorities and organisations

→ To **exchange information** on and **harmonise attitudes to the practise of statistics** in the European Pharma Industry and within member groups

Regulatory Statistics Workshop

The **goal** of the workshop is to **bring together statisticians and partner functions from pharmaceutical industry, regulatory agencies, and academia** to discuss topics of common interest.

The **unique feature** of the workshop is an **atmosphere of collaboration and open discussion** of statistical and regulatory science in general.

Over the years the workshop has **sharpened its profile** and with regular participation of speakers from regulatory agencies such as EMA, many European regulatory agencies, FDA, PMDA, MHRA, and many more, it has become a **voice in the global dialogue on regulatory statistics**.

A warm **WELCOME** to the

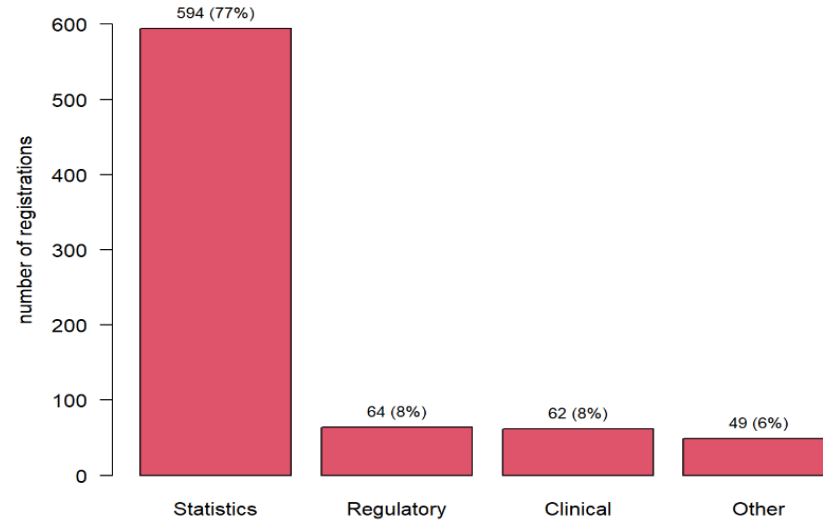

9th workshop in Basel!!!
