Will Industry Need Statisticians In An AI World?

SPOILER

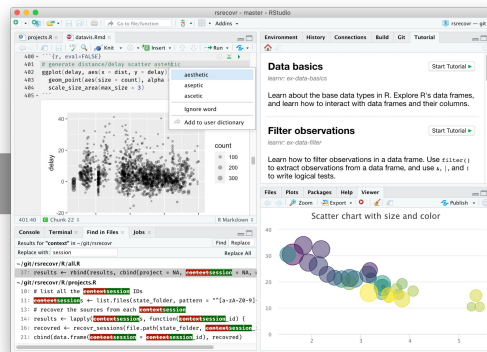

Yes....

... but they may look a little different to today

We Have Always Adopted New Technologies To Make Our Lives Easier

This Will Continue As AI Brings Us New Tools

Copilot

$$\begin{aligned}
 T &\leftarrow c \\
 \mu_1(T) &: 2 \\
 T &\leftarrow (\theta/f) \int T \\
 T &\leftarrow \backslash(\circ) \oplus \alpha^2 / T, \bar{\alpha}^1, \bar{\alpha}^2 / T \backslash \\
 f &\leftarrow (\theta/f) \int f \\
 f &\leftarrow \backslash / \alpha^2 / f, \bar{\alpha}^1, \bar{\alpha}^2 / f \backslash
 \end{aligned}$$

Statisticians Are Ideally Placed To Expand Their Role Maybe It Is The Statisticians Who Will End Up As The Cool Kids!

“The sexy job in the next ten years will be statisticians. Because now we really do have essentially free and ubiquitous data. So the complimentary factor is the ability to understand that data and extract value from it.”

*Hal Varian
Chief Economist, Google*
